GENERAL PUBLIC

Ray Ackerman, DeWitt, thanked the Board for reviewing the ME transport policy. He said the Board should consider that each funeral home charges a removal of remains for the family. He said that is usually a local transport. He said they should get together with the funeral homes to discuss those fees. He said the Board should try to get the transport service back into the hands of the funeral homes because the funeral homes handle those transports differently.

DEPARTMENT HEADS, ELECTED OFFICIALS AND EMPLOYEES

County Auditor Eric Van Lancker said County elected nomination papers are due in his office on Friday. He reminded the Board of its scheduled meetings this week on Tuesday and Thursday, both in regards to the solar projects in the County.

Supervisor Srp said he had a request from a landowner in a drainage district to increase the minimum payment to grow the sinking fund.

Supervisor Irwin said he had a question from a landowner in Drainage District #15 about disbanding the drainage district. Van Lancker said he could look that up and give him an overview of what the process includes.

County Engineer Todd Kinney said the DOT has requested permission to store a truck on one of the County properties. He said he will let them and just wanted the Board to know in case there was a question.

County Facilities Director Corey Johnson said Origin Design will measure all the ceilings in Administration Building for that project and will also meet with Origin Design and Kone about the Courthouse elevator project. He said the plans for the second floor bathroom will be posted next week. He said the energy audit was returned last week and there were no surprises in the audit. Johnson said he has also received requests from other departments about using new door locks.

County Treasurer Dustin Johnson said property tax collections are going well leading to the end of the month.

County EMA Director Chance Kness said Wednesday is the annual state-wide tornado drill. He said the County has not done a tornado drill in a couple of years due to COVID and recommended the County start that up again. He said he will schedule a drill for a later date. He said CERT basic training will be conducted during the first weekend in April.

DISCUSSION WITH POSSIBLE ACTION

County Property Mowing Budget: County Facilities Director Corey Johnson said he would like to meet with the contractors to be clear about what needs to be done in DeWitt and Manufacturing Drive. He recommends the mowing stay in house for the Courthouse and Administration Building and the rest of it be contracted to save on staff time. He will provide a resolution for next week's meeting to approve the contracts.

County ME Transport Policy: Kness presented a proposed policy update to the Board and reviewed it. The Board discussed going out for bids for backup services or potentially for contracting the entire service. Srp said it's hard to ask for a bid for the entire service when the people still in the conversation didn't put in a bid the last time this discussion happened a few years ago. Srp is interested in a contingency plan contract and a return trip bid. The Board asked Kness to get bids for contracting the entire service and for a contingency plan. Ackerman said putting out the service for funeral homes to bid is the best option for County. Kness also presented estimates for the remainder of the fiscal year as they are concerned a budget amendment will likely be needed.

The following resolution was presented and on motion approved:

RESOLUTION 2022-92

WHEREAS, the Clinton County Medical Examiner's Office maintains the capability and responsibility for transport of decedents to autopsy as established in 2018; and

WHEREAS, Iowa Code 331.802 (23.3) changed in 2021 making the County responsible for the cost of return transport after autopsy; and

WHEREAS, the Clinton County Board of Supervisors agrees to provide return transport of decedents after autopsy to Clinton County locations; now

THEREFORE BE IT RESOLVED by the Clinton County Board of Supervisors that the County Medical Examiner Transport policy be approved including transport back from autopsy.
